**Correction of Form 1449 and Request for Consideration of Previously Filed Foreign
References**

To: Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

On June 8, 2007, Applicants filed an information disclosure statement and PTO form 1449 which contained some typographical errors.

Specifically, under "Foreign Patent Documents" on form 1449:

- EPO reference EP 0 166 230 A1 should be designated as **NON** ("Abstract" was inadvertently typed in the "T⁶" box, but the reference is in the German language and was not submitted with an English abstract).

Under "Non Patent Literature Documents" on form 1449:

- The title of the 3rd reference should be: **PARKER, S.P. et al, editors, McGraw-Hill Dictionary of Chemical Terms, vol. 3RD ED, 1985, p. 200** (to provide a more complete citation and to include "vol. 3rd ED" which had been omitted).

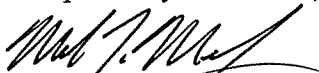

Accordingly, we are submitting a new 1449 form with this information. No new material is being added.

Request for Consideration of Previously Submitted Foreign References

On September 13, 2004, Applicants submitted an information disclosure statement and form 1449 that included an International Search Report and Written Opinion filed in corresponding International application no. PCT/JP2004/005022. For some unknown reason, in the Office Action of February 7, 2007, on the initialed 1449 page, the Examiner struck out these references and did not initial them. Applicants respectfully request that these documents be considered, and the 1449 form be initialed by the Examiner for the record.

If any fee is required in connection with this matter, please charge Deposit Account no. 50/1039.

Respectfully submitted,

Mark J. Murphy
